

Rhonda Watkins
Freedom Medical and
Aesthetic

Each one of our aesthetic patients receive a mask treatment in office, Extract Wellness CBD Masks helps in decreasing inflammation, speeding up the healing, and providing rich moisturizing to a just done facial. Our patients LOVE them and always look forward to using them.

We trust Extract Wellness with their quality products.

Michael Butler
Village Apothecary, Inc.

Extract Wellness has been a trustworthy company to partner with for CBD. I am a Doctor of Pharmacy and I recommended EW products to my parents for arthritis, aches, and pains. That says a lot. I was impressed when Extract Wellness worked with my pharmacies with a discount given the uncertainty of COVID and the economy. This shows me that they care about maintaining a good relationship with their local affiliates. If you are looking for a true partner in CBD, look into Extract Wellness as a complete package.

COMPANY BASICS

Extract Wellness, LLC. is independently owned and proud to be a vertically integrated Kentucky company, controlling our production from seed to shelf.

- Our corporate headquarters reside in Louisville, Kentucky.
- Our products are produced and packaged in our licensed facility in Louisville.
- We are committed to partnering with physicians and pharmacists for formulations that ensure quality and effectiveness.
- Our Full Spectrum products are made exclusively from hemp grown and harvested at Sweetbrier Farm in Danville, Kentucky.
- Sweetbrier Farm is owned and operated by our partner/owner Rick Dees from the Weekly Top 40.
- Our faster than average shipping options are enhanced by our relationship with USPS and UPS, locally headquartered in Louisville.
- We have a big passion for our city and state, the local Kentucky farmer, and for consumers looking for natural wellness solutions.
- Extract Wellness offers a line of products made exclusively from pure Kentucky hemp extract.

“

I am passionate about our mission to provide natural alternatives that change the lives of our customers.

Rick Dees, Partner/Owner

WHY CHOOSE OUR PRODUCTS

1 FARMING

Our hemp extract is from a unique cultivar of hemp plant developed for consistency and maximum effectiveness. It is a natural product extracted from the aerial parts of the hemp plant.

2 PROCESSING & PURIFICATION

Our hemp extract is made using a supercritical CO2 fluid extraction process in a state of the art facility. Our base oils are filtered at the 3 micron and then 1 micron level to ensure the highest standards of filtration.

3 FORMULATION

Our formulations are unique. Our proprietary process does not strip away the key beneficial plant elements that some other processes do. We believe this contributes to a stronger, more consistent effectiveness of our products.

4 PRODUCTION

Extract Wellness hemp extract products are:

- Handcrafted from pure 100% Kentucky hemp
- All natural – no artificial anything
- made with Physicians and Pharmacy partners
- Third-party Lab tested

5 QUALITY COMMITMENT

You and your customers can trust the product quality and potency, as all of our products are independently tested using a pharmaceutical grade testing standard. We only use ISO certified, 3rd party testing labs and print QR codes on all of our product for easy access to testing results.

TOPICAL SKIN CARE

Great skin is more than great DNA. Your daily skin care can make all the difference in what you see in the mirror. Balancing your skin with the right nutrients and hydration is important each day. Extract Wellness skin care products are made from the finest ingredients, in precise combinations, to ensure skin healing and health.

FORMULATED BY LEADING PHYSICIANS

Our Essential 14 products are formulated by physicians dedicated to unmasking the benefits of cannabidiol (CBD).

Integrating their combined backgrounds in laboratory science, integrative medicine and the practice of radiation oncology, these physicians carefully calibrated and infused CBD with highly potent natural essential oils and carrier oils to maximize rejuvenation, hydration, and nourishment.

PAIN SALVES

CBD HEMP SALVES

The new and improved Extract Wellness Salves are handcrafted with a silky blend of hemp seed oil, beeswax, jojoba oil, shea butter, pure Kentucky CBD hemp extract, and scented with soothing essential oils. Teaming up with cosmetic formulation specialists, we've reformulated this product to reduce the "greasy" feeling many salves can leave, improved the scent profile, and given it a massive CBD boost to 250mg and 500mg.

250MG or 500MG TOTAL CBD / 2 OZ or 4 OZ

INGREDIENTS Hemp Seed Oil, Beeswax, Jojoba Oil, Shea Butter, Hemp Extract, Essential Oil, Hemp Root

Natural Scents include: Apple Crisp, Cinnamon Chai, and Lemongrass

DIRECTIONS Rub a small amount of salve into skin until absorbed. For rough areas, apply a liberal amount several times to help with absorption.
